

PROFESSIONAL SUMMARY

I am a results-driven Computer Engineering student with a CGPA of 9.05, honoured as a top-5 rank holder and winner of Smart India Hackathon -2024. My expertise lies in Java, Spring Framework and SpringBoot, complemented by a solid foundation in Data Structures and DBMS. Engaging in competitive programming, I aim to develop innovative AI-powered systems and robust and secure web applications while actively expanding my skills in AWS.

KEY EXPERTISE

Java Spring Framework SQL C++ SpringBoot AWS Restful Services Object-Oriented Programming Agile
GitHub Data Structures Good Communication Leadership

EDUCATION

MIT Academy of Engineering, Pune

2023 - 2027

B.Tech. - Computer Engineering | CGPA: 9.05 / 10

SNBP Junior College Chikhali, Pune

2023

12th | MSBSHSE | Percentage: 88 / 100

Abhishek Vidyalayam, Pune

2021

10th | MSBSHSE | Percentage: 96 / 100

INTERNSHIPS

Campus Credentials

01 Jun, 2025 - 31 Aug, 2025

Java Full Stack Developer Intern

Key Skills: SpringBoot Spring Java ReactJS SQL

- o Internship focused on developing innovative web solutions.
- o Built an AI-powered ticket booking platform to enhance user experience by streamlining the booking process by 90%.
- o Engineered an AI-to-SQL engine using LLMs, converting natural language into optimized MySQL queries with 95% accuracy, streamlining data retrieval processes for analysts and serving to AI chatbot embedded in it.
- o Automated the end-to-end booking lifecycle utilizing Spring Boot for seamless transaction processing.
- o Secured all 57 API endpoints utilizing Spring Security (Role Based Access and JWT Authentication).

PROJECTS

Healthcare ERP – Digital Transformation for Parma Hospital

01 Feb, 2026 - 30 Apr, 2026

Key Skills: Java SpringBoot

- Healthcare ERP system improved hospital operational efficiency.
- o Engineered a Spring Boot REST API for digitizing hospital administrative workflows.
 - o Implemented robust security with JWT authentication and RBAC.
 - o Reduced operational overhead by 80% through event-driven services for automated processes.

Warehouse Management System

01 Mar, 2026 - 31 Mar, 2026

Key Skills: Java SpringBoot

- A warehouse management system addressing stock and operational efficiency.
- o Created a logistic API for real-time warehouse management, enhancing operational visibility.
 - o Ensured data integrity and security through advanced schema design and API protection.

Playgorithm - Gamified Algorithm Learning Platform

01 Dec, 2025 - 01 Jan, 2026

Key Skills: Java SpringBoot DSA

- Created an educational platform to facilitate learning through gamification.
- o Developed a gamified platform to enhance DSA education through interactive challenges.
 - o Designed 66 APIs for state management and telemetry tracking for user engagement.

ACHIEVEMENTS

- Smart India Hackathon 2024 Winner - conducted by Gov. of India
- Avinya 2025 Under Graduate Student Conference - Best Paper Award

ASSESSMENTS / CERTIFICATIONS

AWS re/Start Graduate

Key Skills: AWS

CPA: Programming Essentials in C++

Key Skills: C++

Data Structures & Algorithms (DSA) For Campus Placements

Key Skills: Data Structures Algorithm

PCAP: Programming Essentials in Python

Key Skills: Python

POSITIONS OF RESPONSIBILITY

Technical Lead at CodeChef MITAOE

Responsible for the club's technical strategy, infrastructure management, and mentoring junior members in competitive programming and software development.

CO-CURRICULAR ACTIVITIES

- Drawing
